Keep Myself Awake

Black Lab

I hate to talk like this, I hate to act as if
There's something wrong that I can't say
I have this dream at night, almost every night
I've been dreaming it forever, it's easy to remember it
It's always cold, it's always day
You're always here you always say
I'm all right, I'll be okay
If I can keep myself awake
I get up early, I look around me
I can't help but wonder what you mean
'Cause when I'm sleeping, I'm so deep in it
So much more real to me closer than reality
It's always cold, it's always day
You're always here, you always say
I'm all right, I'll be okay
If I can keep myself awake
Keep myself awake
Keep myself awake
Keep myself awake
I get up early, I look around me
I'm buying coffee by the pound
But when I'm sleeping, I'm so deep in it
I can't keep myself awake
Keep myself awake
Keep myself awake
