

Why'd You Wanna Make Me Cry

Connie Stevens

Oh, baby
What you wanna make me cry for
Why'd you wanna make me blue
Why'd you wanna go and break my heart
When I never done nothing to you Why'd you wanna go and kiss me
Show me what a thrill can be
Why'd you wanna show me paradise
When you weren't gonna give it to me
I never wanted to love you
But you destroyed my resistance
I never wanted to love you
But when I heard the sound of your sighs
Then the look in my eyes was for you What you wanna make me cry for
Why'd you wanna make me blue
Why'd you make me fall in love with you
When you know you didn't love me too Oh, what you wanna make me cry for
Hey, why'd you wanna make me blue
Why'd you make me fall in love with you
When you know you didn't love me too
No, you never did
You never did love me
What you wanna make me cry for
You never did love me
Why'd you wanna make me cry for
You never did love me
