

Raging (feat. Kodaline)

Kygo

[Verse 1]

Standing in the cold in the frozen wind
I'm leaving you behind but it's not the end

No, no, no

Walking on a plane as I hold my breath
It's gonna be weeks 'til I breathe again

No, no, no[Pre-Chorus]

I know that you hate it

And I hate it just as much as you

But if you can brave it, I can brave it

Brave it all for you[Chorus 1]

Call me anytime you can see the lightning
Don't you be alone, you can always find me
We've got our wild love raging, raging
Lost among a million changing faces
Every day our eyes keep trading places
We've got our wild love raging, raging
