

Anywhere You Wanna Go

Josh Kelley

A 1, a 2, a 1-2-3
Come on now
Listen up now Tell you baby ain't nobody in the world could make me feel the way you do
You give me the shimmy, yeah you give me the shake
You better believe I'm addicted to you
Your kiss is like a double shot shot on the rocks
Got it goin' down so smooth
If loving you is wrong, I don't want to be right
So come on over let me lay down the groove, yeah we do Anywhere you wanna go
(Come on now won't ya)
Anywhere you wanna go
(Come on now)
Anywhere you wanna go
(Listen up now) Remember when I met you on the beach of California
We were laughing and soaking up the sun
Fell to my knees, well cheers to you honey
Next thing you know two become one
Lord knows I'd just about any damn thing when it's all said and done
Come here my pretty mama, happy you love and always are having fun
Come on come on Anywhere you wanna go
([?])
Anywhere you wanna go
(Uh, come on now)
Anywhere you wanna go
(I said I'll take you there right now)
(Listen up now) Put your hands in the air
(Listen up now) Anywhere you wanna go
(Come on baby now won't ya)
Anywhere you wanna go
(Come on now)
Anywhere you wanna go
(Listen up now)
Anywhere you wanna go
Anywhere you wanna go
(Listen up now)
