

# Renewal

## Born from Pain

I can hear a signal from the center of my soul  
Ignite the impulse of life  
Make a change of patterns in the  
Landscape of the inner man  
Obtaining a new perspective on life  
Discovering a new dimension of Freedom  
Renewal  
A penetrating power claims dominion in my being  
Leaving the old man to die  
The presence of a spirit is reflected  
By the wave of change  
Recharging power / Receiving strength  
Renewal of mind and soul  
I have established contact  
With a higher form of intelligence  
Giving me wisdom and insight  
A complete restoration of my spirit  
A revelation of the truth  
Effects the way I'm thinking  
I am part of Your plan  
I will let Your Spirit move inside me  
Like a Breath of Life  
I send out a message to the souls who still are searching  
Invite the Maker of Life  
Let Him be the guidance to  
Complete your life in every way
