

# I'm Coming On

## Ten Years After

May be right or may be wrong  
But I gotta do something before the day is gone  
Could be small or could be big  
But I gotta do something that I can dig  
May be good or may be bad  
But I gotta do something or I'm going mad  
May be cool or may be hot  
But I gotta do something I need a lot  
Oh baby, don't cry, don't dry, don't cry  
You shouldn't do that  
Oh baby, don't cry, don't dry, don't cry  
You shouldn't do that  
I'm coming on

Baby, so baby I'm coming on  
Yeah, babe, I'm coming on  
Babe, babe, I'm coming, I'm coming  
I'm coming, I'm coming, oh yeah  
May be right or may be wrong  
But I gotta do something before the day is gone  
Could be small, or could be big  
But I gotta do something that I can dig  
Oh baby, don't cry, don't dry, don't cry  
You shouldn't do that  
Oh baby, don't cry, don't dry, don't cry  
You shouldn't do that
