

See Right Through You

*NSYNC

Tell me what kind of girl would wanna play me
Tear me down, then try to break me
Baby, how could you betray me?
After all I've done for you Took you there, bought you this now it's not enough, babe
You better get your story straight, babe
Tell me why you wanna play
I've had enough These games they gotta stop
I'm 'bout to get pissed off
You had to keep leadin' me on
Baby, you thought you had me fooled
But I see right through you Look into my eyes, tell me what you see
I see a man who thought you loved me
You played me like a fool
But I see right through you I look into your eyes, tell you what I see
I see a girl who ran game on me
You thought you had me fooled
But I see right through you Tell me girl, what's his name?
What'd he do to take you?
Does he freak you the way that I do
'Cause you know, that I know how to When he leaves you don't come cryin' back to me
'Cause I'll be movin' on, you see
And you'll be just a memory
I think I've had enough These games they gotta stop
I'm 'bout to get pissed off
You had to keep leadin' me on
Baby, you thought you had me fooled
But I see right through you Look into my eyes
Tell me what you see
I see a man, who thought you loved me
You played me like a fool
But I see right through you I look into your eyes
Tell you what I see
I see a girl who ran game on me
You thought you had me fooled
But I see right through you Thought you had me fooled
See right through you
Oh, oh, oh, oh
Oh, oh, oh, oh, ooh, yeah
See right through you Baby, tell me does he do it, do it like I do?

Baby, tell me will he love you, love you like I do?
Now you're cryin' 'cause you can't believe that we are through
I don't care 'cause I see right through you Let me tell you that this is how it's gonna be
After all that we have been through, what you meant to me
You won't do this to me
'Cause now I see right through you Look into my eyes
Tell me what you see
I see a man who thought you loved me
You played me like a fool
But I see right through you I look into your eyes
Tell you what I see
I see a girl who ran game on me
You thought you had me fooled
But I see right through you Look into my eyes
Tell me what you see
I see a man who thought you loved me
You played me like a fool
But I see right through you, oh I look into your eyes
Tell you what I see
I see a girl who ran game on me
You thought you had me fooled
But I see right through you See right through you
See right through you
See right
