

# In The Street

## Turf Talk

Hanging out, down the street  
The same old thing we did last week  
Not a thing to do  
But talk to you Steal your car, and bring it down  
Pick me up, we'll drive around  
Wish we had  
A joint so bad Pass the street light  
Out past midnight Ahh Hanging out, down the street  
The same old thing we did last week  
Not a thing to do  
But talk to you
