

# I'm Not In Love

## Plastic Folk

Don't think you got me girl  
Don't think you can tame me and change me  
Don't think that it's all because of you  
Just because I don't run around  
Just because we're forever together  
Don't you think of a four letter word to use  
So what if I just don't want anybody else but you  
So what if you're all that I ever really wanna do  
I know what you're thinkin' but that doesn't make it true  
Believe me baby, I'm not in love, no not at all  
What makes you think you made me fall  
I slip but no, I'm not in love  
What if I just can't sleep at night?  
I see your face in the starry skies  
So high above, girl I'm not in love  
Don't think that you got it made  
And don't think it's so easy to keep me  
Never know it could all just fade away  
So what if I just don't want anybody else but you  
So what if you're all that I ever really wanna do  
I know what you're thinkin' but that doesn't make it true  
Believe me baby, I'm not in love, no not at all  
What makes you think you made me fall  
I slip but no, I'm not in love  
What if I just can't sleep at night?  
I see your face in the starry skies  
So high above girl, I'm not in love  
So if my heart just skips a beat  
What if I lose a little sleep, believe me  
I'm not in love, no not at all  
What makes you think you made me fall  
I slip but no, I'm not in love  
What if I just can't sleep at night?  
I see your face in the starry skies  
The way you feel, it makes it right  
But I'm not in love  
I'm not in love, no not at all  
What makes you think you made me fall  
I slip but no, I'm not in love

What if I just can't sleep at night?  
I see your face in the starry skies  
The way you feel, it makes it right  
I'm not in love  
I'm not in love, I'm not in love  
What makes you think you made me fall  
I slip but no, I'm not in love  
What if I just can't sleep at night?  
I see your face in the starry skies  
The way you feel, it makes it right
