Excuse Me

Pokey

1 verse - See I was just sipping on that Hennessy
Just me and my homies chilling VIP babe
And we lookin for some company
Donâ€™t worry baby all the drinks are free

Hook - excuse me I know you donâ€™t know me
You might think Iâ€™m crazy
I want to make love to you tonight

Excuse me I know you donâ€™t know me
You might think Iâ€™m crazy babe
I want to make love to you tonight

2 verse -Now just imagine just me and you baby
The perfect two just me and you
Donâ€™t get confuse baby under pressure
At the moment but the room crowded
Itâ€™s hard to get yeah

See I was just sipping on that Hennessy
Just me and my homies chilling VIP babe
And we lookin for some company
Donâ€™t worry baby all the drinks are free

Damn who could shorty be
If she only could go home with me
Iâ€™ll guarantee sheâ€™ll never want to leave

Excuse me I know you donâ€™t know me
You might think Iâ€™m crazy babe
I want to make love to you tonight

Excuse me I know you donâ€™t know me
You might think Iâ€™m crazy babe
I want to make love to you tonight

I guess your attraction it left a clue baby
Like dÃ©jÃ vu I felt that you already knew me baby
And all the pleasure make you want to hold me

donâ€™t ever let me go no no no no baby

See I was just sipping on that Hennessy
Just me and my homies chilling VIP babe
And we lookin for some company
Donâ€™t worry baby all the drinks are free

Damn who could shorty be
If she only could go home with me
Iâ€™ll guarantee sheâ€™ll never want to leave

Excuse me I know you donâ€™t know me
You might think Iâ€™m crazy babe
I want to make love to you tonight

Excuse me I know you donâ€™t know me
You might think Iâ€™m crazy babe
I want to make love to you tonight

I know you donâ€™t really know me
but you can follow me back to the VIP baby

I want to make love to you tonight

I know you donâ€™t really know me
But you can follow me back to the SUV baby

I want to make love to you tonight

Excuse me I know you donâ€™t know me
You might think Iâ€™m crazy babe
I want to make love to you tonight

Excuse me I know you donâ€™t know me
You might think Iâ€™m crazy babe
I want to make love to you tonight

Make love love love love
Make love love love love all night

I want to make love tonight
