

Loosen The Knot

[Lissie](#)

humor me this one time
think iv'e just made up my mind
looking at me like a lover does
but it'll never be the way it was feel the cord that holds us tight
lets unravel this tonight chorus:
i wanna loosen up loosen up
loosen the knot
the knot that is holding us
binding us
keeping us together now
i'm gonna give it up, toughen up
like it or not
maybe it's all it is, stopping us
keeping us together now undermining what i do
no one does it better than you
when you change your attitude
things will change 'tween me and you
but the end is comin' darling
and i'm bringing the news chorus humor me this one last time chorus i wanna loosen up, loosen up,
loosen the knot
