

Fool's Gold

[Jill Scott](#)

Oh, silly me my dear, for thinking that you'd stay
Gave you my heart and then you ran away
Either I'm stupid, I'm foolish, or you're playing me
But it seems, we were never really meant to be
So I thought I would try something new
I wanted to find out if I could live happy without you
And it turned out I wasn't living at all
I'd rather never known if you had just played along
I was living the dream believing things that just ain't true
Oh I can't believe I ever believed in you
You had me chasing fool's gold
I was chasing fool's gold
I was chasing fool's gold
So I did die inside knowing you weren't right
But breaking your spell was a plan I never devised
I wanna be here forever if it's for you
But I would had been living forever as your fool
I was living the dream believing things that just ain't true
Oh I can't believe I ever believed in you
You had me chasing fool's gold
I was chasing fool's gold
I was chasing fool's gold
I bit in to the apple
I took the wooden neck out
I was blinded to my core
And I went into the wrong door
And furthermore I was living the dream believing things that just ain't true
Oh I can't believe I ever believed in you
You had me chasing fool's gold
I was chasing fool's gold
I was chasing fool's gold
I was living the dream believing things that just ain't true
Oh I can't believe I ever believed in you
You had me chasing fool's gold
I was chasing fool's gold
I was chasing fool's gold
I was chasing fool's gold
I was living the dream believing things that just ain't true
Oh I can't believe I ever believed in you
You had me chasing fool's gold
I was chasing fool's gold
I was chasing fool's gold
