

# Watch The Birdie

## Barney Bigard & His Orchestra

Watch the birdie and take a camera, candid shot  
Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
    Watch the birdie, just strike a funny pose a while  
    Watch the birdie and you can beat that pose a mile  
Watch the birdie, let me see your pretty smile and hold it  
    Looking for a tall dark handsome man  
        With eyes of blue and golden tan  
        Strong white teeth like Joel McCrea  
        Hey you, get out of the way  
    Watch the birdie and take a camera Candid shot  
    Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
    Watch the birdie and take a camera Candid shot  
    Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
    Watch the birdie, just strike a funny pose a while  
    Watch the birdie and you can beat that pose a mile  
Watch the birdie and let me see your pretty smile and hold it  
    Looking for a tall dark handsome man  
        With eyes of blue and a golden tan  
        Strong white teeth like Joel McCrea  
        Hey you, get out of the way  
    Watch the birdie and take a camera Candid shot  
    Watch the birdie, come on and give it all you've got  
Watch the birdie, just look around and pick a spot and hold it  
    Ooh, watch the birdie  
    Ooh, watch the birdie
