

# Catch a Fade (feat. Kendrick Lamar & Droop-E)

## E-40

(Kendrick Lamar & E-40)

[Chorus]:

Jumping off the front porch with a new approach

Don't approach me.

With the bullshit I remote to a location where the broom sit

Here I go, street sweeper

Monday to Friday, if not go we can catch a fade

Catch a fade [x7]

(Kendrick Lamar)

[Verse 1]:

Pullin' up hoppin' out

Shell, catch 'em poppin' out

and I ain't never been a Tom or a Jerry

Pussy or a Rat

pussy on my nutsac

carry plenty kenny tats

Give me that, give me plenty Feddi

Federales on my back, back em in the cemetery

Send a scary hit out on your messenger,

I'm ignorant to wrestle a

Gorilla in the center of an Acura Integra

I'm pissed off so I piss off rooftops

drinking through a straw, fuck a rental cop I hired

I'm napalm when the beat slap like eight palms

And I wear eight charms, every airport alarm

go off til they tackle me, what I do wrong?

Nigga hit it off the chain, nigga you the fuckin' bomb

bomb on a bitch nigga then his bitch later

put the tips on the bitch, nigga you a fuckin' waiter

I don't even want a favor, I just want a fair one

And it's like that till the sheriffs come

[Chorus]

(Droop-E)

[Verse 2]:

Look, problems we solved 'em, bout that action

one less sucka, nigga that's subtraction

his boss is factors on the team

real niggas no actors on the team

Not you, who Droop? He a good dude

Put him in a bad mood, turn you into goon food  
I'm in the party feeling like me  
S-I-C-K with T.D.E.  
Your bitch want sex in my ear like wax  
And this Landy got her ready to get it hit from the back  
She shows up chump, salute, give daps  
Or get your face flat, you don't want that  
And get your nose tapped, you don't want that  
get your life fucked up all over a batch  
get cropped get chopped, on your head like a barber shop  
Have it out the in the parking lot  
[Chorus]  
(E-40)  
[Verse 3]:  
Stay turned, super charged up, stoked  
Ghetto pass never revoked  
Mouthpiece faster than a speedboat  
Keep it one hundred like a C-note, pea coat  
Popo trying to decode lingo  
Trapper factor macker, having money like a rapper (rapper)  
Bumping local talent, pulling up with the blapper (blapper)  
[Chorus]  
[E-40, Kendrick Lamar & Droop-E]:  
Where you from Droop-E? (The West)  
Where you from Kendrick? (The West)  
Ay 40, where you from though? (The West)  
Who bring it to they front door? (The West)
