Father's House

Fire Engine Red

I'm living in the finest house
wearing all the finest things
dining on the finest foods
living in the finest house is fine
I'm living in the finest house
having all the finest things
feasting on the finest foods
living in the finest house is fine
what if you never had nothing at all?
what if you never had nothing
no easy life ever did come your way
its alright, oh yeah, its alright
guess what? you're living in the Fathers house
doing all the Fathers will
eating from the Fathers hand
living in the Fathers house is grand
Yeah, youre living in the Fathers house
Yeah, He's got it all figured out
Yeah, He will provide for us, yeah
(John 14:1-6)
guess what? you're living in the Fathers house
eating all the Fathers food
Living on the Fathers time
living in the finest house is fine
what if you never had nothing at all?
what if you never had nothing
no easy life ever did come your way
its alright, oh yeah, its alright
guess what? you're living in the Fathers house
having all the finest things
feasting on the finest foods
living in the finest house is fine
