The Incurable Tragedy I (September 21, 2006)

Into Eternity

The story is over
I can't get it out of my mind
Crippling thoughts rape internally
The incurable tragedyTerminal cancer
This infliction engulfs me
Aware of the pain I yearn to reconsiderThe story is over
I can't get it out of my mind
Crippling thoughts rape internally
The incurable tragedyNow I realize I won't be leaving this hospital
I'm finished
The anguish is ripping me apart
