

# Tell Me Why

Kieran Goss

I cannot think of your skin  
Without these tears in my eyes  
I cannot picture your face  
There's only empty space  
No more you and I Sometimes I think I hear you call  
And hear your footsteps in the night  
I cannot stay in this place  
There's only empty space  
And nowhere I can hide So tell me why  
You said goodbye  
Don't tell me lies  
Just tell me why I sit and watch the children play  
I see them run until they fall  
And in their eyes you've left your trace  
There's only empty space  
And I can feel it all
