The Deal

Sick of It All

You're always screaming about unity
Being open minded and honesty
What you might say will some people believe?
But I really doubt your sincerityIf we really want this deal to work out
We all got to rise above, we've got to stop
These petty arguments, don't you think
It's time to cut the shit outYou're always screaming about unity
Being open minded and honesty
If we really want it, we all gotta try
Stop takin' behind each other's backs
And spreading a bunch of liesI ain't saying that I got a master plan
I ain't telling you to go out and hold each other's hands
Just saying that we're tired of hearing your shit
And if you don't mean what you say then don't say it
