

# The Deal

## Sick of It All

You're always screaming about unity  
Being open minded and honesty  
What you might say will some people believe?  
But I really doubt your sincerity If we really want this deal to work out  
We all got to rise above, we've got to stop  
These petty arguments, don't you think  
It's time to cut the shit out You're always screaming about unity  
Being open minded and honesty  
If we really want it, we all gotta try  
Stop takin' behind each other's backs  
And spreading a bunch of lies I ain't saying that I got a master plan  
I ain't telling you to go out and hold each other's hands  
Just saying that we're tired of hearing your shit  
And if you don't mean what you say then don't say it
