

Take It or Leave It

Carver

You know that I'm not an angel
I told you when you walked in the door
You know that you make me happy
 Better than the time before
 Take it or leave it
 Do whatever you want
 Take it or leave it
 Do whatever you want to me
You know that you're just a playmate
 What are you trying to gain
 Lead me into the darkness
 To play our little nighttime games
 Take it or leave it
 Do whatever you want
 Take it or leave it
 Do whatever you want to me
You say you wanna be with me
 I see it in you
 It's only a one night stand
 And then we're through
You know that it makes me sad
 To see how you feel for me
 I gotta start movin' on
Someone else is waitin' for me
 Take it or leave it
 Do whatever you want
 Take it or leave it
 Do whatever you want to me
