Sean Kingston

her body looking amazing when she dancing like that
she get up on the stage yeah she doin that
sexy beautiful baby won't you bring it right back?
what you pull a 180 she my boomerang, boomerangwatching from across the party cause i'm attached to a string like a boomerang
i think i'm gonna hit somebody cause he's attached to my string like a boomerang
... in sexy and naughty, watch me shake my body, i'm the life of the party
whoa, watch me, jump in my ferrari, maybe if you catch me
then maybe you can have me
the club is so peck we rocking out in this party
ladies hit the floor we gonna hurt somebody
so fly, i'm feeling up your vibes, we're having a good time
we can do this all nighther body looking amazing when she dancing like that
she get up on the stage yeah she doin that
sexy beautiful baby won't you bring it right back?
what you pull a 180 she my boomerang, boomerangwatching from across the party cause i'm attached to a string like a boomerang
i think i'm gonna hit somebody cause he's attached to my string like a boomerang.
