

She Loves Me (She Don't Love You)

George Strait

Well now I can see your dancin' every dance with her
And it seems to me that your dancin' much too close to her
When you sat down at our table
You sat next to her
But I know that it's true
She loves me, She don't love you Let me tell you friend
I'm wise to your lies
You've been tellin' me that I'm the guy for her
And every little thing you do and say
Is givin' you away
You're in love with her Well just one more dance with her
And friend you're gonna see
What it's like to hit the floor
And do a little dance with me Here's your coat and there's the door
I think you better leave
'oh she just told me it's true
She loves me, She don't love you Let me tell you friend
I'm wise to your lies
You've been tellin me that I'm the guy for her
And every little thing you do and say
Is givin you away
You're in love with her Well just one more dance with her
And friend you're gonna see
What it's like to hit the floor
And do a little dance with me Here's your coat and there's the door
I think you better leave
Cause she just told me it's true
She loves me, She don't love you Cause she just told me it's true
She loves me, She don't love you
