Everywhere

BLT

I ain't on a high ting (Nah)
Jus out here tryin' to do da right thing
And even though you know I don't mind fightin'
When I will, it's cash money like lightning
You know I Gota get that dow
I ain't rampin'
Gota get that dow
Damm right
Gota get that dow
I ain't rampin'
Gota get that dow
Straight up
Hot taste, charisma stylee we got plenty
Cruising' in the Porsche I wanna to Bentley
Evidently far from gently eatin' up da road
We act immaturely in a hurry to be old
Infact we'll leave you poorly catch a beatin' like a cold
Go ahead profile and flex like you're big, bad and bold
Go ahead go round your next to get hit, had and showed
Stay out the paper chase
Floppy fella's fold
Neglect da rules, expect da codes, follow the guide lines
Life's been ugly so far but these are fine times
I write below the belt I bust average fine rhymes
I always want to be a star my city or the sands
I try not to be stupid with my fame
But constantly I sense fassies bein' clever wiv my name
Indirectly call my name like they're callin' my bluff
So sadly I often sense the need to get rough
I'm here, there, I'm everywhere
I can't be seen, I'm all over
Ya nah wat I mean!?
I'm here, there, I'm everywhere
I can't be seen, It's all over
Ya nah wat I mean!?
I'm here, there, I'm everywhere
I can't be seen, I'm all over
Ya nah wat I mean!?
I'm here, there, I'm everywhere

I can't be seen, so move over
Ya nah wat I mean!?
Fulla strife, that's life
Deal wiv how bad it is
Reminisce, reflect, revise on how bad it coulda been
Abuse time and find out how mad it is
Time waits for nobody handle your biz
Extortionists would love to man-handle this
I'm ignorant, refuse to understand what extortion is
Jack me and get what? Jack me and get where?
Get zilch times zero, times nofin' plus air
Yea I'm way beyond care
Hate me or love me try not to stare
Your thoughts and your opinions try not to share

I show interest on an occasion that is rare
Plus I ain't in the hype, I'm above it and I cause it
Can't put a stop to da track but I compose it
So play your role
Act tuff put on your show
I'll let da ratchet be your audience
Bullets will applaud it
I'm here, there, I'm everywhere
I can't be seen, I'm all over
Ya nah wat I mean!?
I'm here, there, I'm everywhere
I can't be seen, It's all over
Ya nah wat I mean!?
I'm here, there, I'm everywhere
I can't be seen, I'm all over
Ya nah wat I mean!?
I'm here, there, I'm everywhere
I can't be seen, so move over
Ya nah wat I mean!?
My name is Dizzee Dizz
I handle my biz
My spreaders talkin' gangsta don't know what a gangsta is
(Tut) They ain't ready yet, I don't claim a set
But if you test I'll leave you wiv something you will regret
I'm fat and slim, chocolate skin
I'll punch you in your nostrils, I'll punch you in your chin
But I ain't mad I'm a lovely lad
I'll give you the loveliest beatin' that you've ever had
Rude boy, home boy better chill
You know I don't watch no face cause I'm real

I don't care if your sick I don't care if your I'll
My foot will add a nice frill to your ice-grill
Son dun-duddy I don't find shit funny
If you ever try and go against the flow of my money
Word is bun, what's really good I'm really hood
Take this song as a caution you really should
Try copy we, hit her wit da G, condo energy
Lyrical tank, lyrical pedigree
Basterd or wee on girl Emily
How bad they wanna try copy we?
Hit em' wit da G, condo energy
Lyrical tank, lyrical pedigree
Dizzee Rascal from the big LD
Hey Yo
Do ya hear me?
Hey Yo
Do ya hear me?
Gota get that dow
Gota get that dow
Gota get that dow
Hey Yo
Gota get that dow
