

Somewhere There's Hope

Steve Perry

Somewhere There's Hope When you're runnin babe

You can't let go

Life's on the line When you're runnin runnin runnin

From a cold cold world

Voices they cry Somewhere there's hope

(Somewhere there's hope)

Somebody please

(Somebody please)

Somewhere there's hope

Waiting there

Waiting there Ooh the wheels of fear

Turn truth into lies

Like a thief in the night

Hold on

To the smoke and to the fire

No one

Can hide Cause somewhere there's hope

(Somewhere there's hope)

Somebody please

(Somebody please)

Somewhere there's hope

Waiting there

Waiting there

Somewhere there's hope

(Somewhere there's hope)

Somebody please

(Somebody please)

Waiting there

Waiting there Somewhere there's hope

(Somewhere there's hope)

Somebody please

(Somebody please)

Somewhere there's hope

Waiting there

Waiting there They cry

Voices they cry

Somewhere there's hope

Somebody please

Oh
