Be Without Fear

Behemoth

Behold the throne of burning gold
And all the evil that it shelters
Yet I be monarch myself
Offering more than others giveMaterialize the ashes of Elysium burned
Not even angels dare to bid farewell
Annihilate this Eden now
Blasphemy gives birth to divineFeed my flame, Leviathan
Rape these wounds, Asmodeus
Raise me high, Belial
Through thy rage my will manifestsI truly am my own redeemer
Blindly I follow none but myself
Without fear I am
Unhallowed be my nameMyself am hell and hell I shall unleash
I laugh at Thee to scorn
Mock Thy majesty
Pour forth my chalice of victoryHear my call, Leviathan
Bless my path, Amodeus
Lift me up, Belial
Through thy wrath my will manifestsFeed my flame, Leviathan
Rape these wounds, Asmodeus
Raise me high, Belial
Through thy rage my will manifestsHear my call, Leviathan
Bless my path, Amodeus
Lift me up, Belial
Through thy wrath my will manifests
