Martin Solveig

Ooh baby
Ever feel you're naughty for the fun, baby
I could take you undercover on the run, baby
The night is young
Now can I be your plus, plus, plus, be your plus one?
Can I be your plus one?
I could be your plus one I'll be everything if you let me in
Music on my skin if you tell me
All you've got to say, you've got that triple A
And I'm on my way if you tell me
Can I be your plus one?
I could be your plus, plus Ooh baby
Ever feel you're naughty for the fun, baby
I could take you undercover on the run, baby
The night is young
You and me on the run
Can I be your plus one? Ooh baby
Would you play my song?
Show me the ropes, I know you're second to none
I know how far you've come
Now can I be your plus, your plus, be your plus one? One [3x]
Can I be your plus one?
I'll be everything, everything if you let me in
Can I be your plus one? [4x] You and me on the run
One [?x]
Can I be your plus one? Ooh baby
Would you play my song? Can I be your plus one?
I could be your plus one
