BA Robertson - Goosebumps

B.A. Robertson

I have my addiction, you say affliction
I say a small affair
It has become a habit I can't break
and I can't have it
Nothin' to compare

She give me goose bumps, heart thumps
It make my body jump, I rack my brain and tear my hair
She give me heartbreak, guts ache
I shiver and I shake, I really need intensive care
She has a cardiac arrestin' stare

Doctor I'm in trouble, seein' faint, feelin' double
I'm shortin' out of breath
Call up the pharmacy
Send a little help to me
I'm bein' loved, I'm bein' loved to death

She give me goose bumps, heart thumps
It make my body jump, I rack my brain and tear my hair
She give me heartbreak, guts ache
I shiver and I shake, I really need intensive care
She has a cardiac arrestin' stare

She give me goose bumps, heart thumps
It make my body jump, I rack my brain and tear my hair
She give me heartbreak, god's sakes
I shiver and I shake, I really need intensive care
She has a cardiac arrestin' stare

Goose bumps, heart thumps
It make my body jump, I rack my brain and tear my hair
She gives me heartbreak, guts ache
I shiver and I shake, I really need intensive care
She has a cardiac arrestin' stare
