Stop Right There

Zoegirl

You have never changed your ways
You think that you can own me like a slave
And I want to walk away
But every time I try, you're in my faceYou say, I could have it all
Trust you, you will never let me fall
And my heart feels bound to your control
But my spirit says no no noStop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
It's plain to see, I'm not your propertyStop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
Don't play with me, I'm not your propertyRing! Brrp! It's you once again
Begging me to listen to your plan
But you see, I've found the truth
'Cause I have been redeemed and so we're throughYou say, I could have it all
Trust you, you will never let me fall
I don't have to give into your demands
The power's not in your handsStop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
It's plain to see, I'm not your propertyStop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
Don't play with me, I'm not your propertyI don't have to do anything you want me to
I don't need you to make me feel like I want more
'Cause God has shown His love is your weakness
He is above and beyond all you can doStop right there, everywhere
And you think you've got me down
Think again, no no no no
It's plain to see, I'm not your propertyStop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Think again, I'm not your friend
Don't play with me, I'm not your propertyStop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
It's plain to see, I'm not your propertyStop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend

Don't play with me, I'm not your property
