Life to Me

ZOEgirl

Fleeting breath, frailest flesh
Im a casualty at best
And so I sink into your depth
My only place of restWhere earth and wind, and sky and sea
Could never match Your majesty
From where I stand, Im crying out
Jesus, You are life to meThe treachery of valleys deep
Has only made me weak
I clothe this flesh with holiness
My only place of restWhere earth and wind, and sky and sea
Could never match Your majesty
From where I stand, Im crying out
Jesus, You are life to meAnd when I see Your face I'll know
All the pain and tears will go
To the bottom of the sea
Youll forever be holy, holyHoly, holy, holy, holyWhere earth and wind, and sky and sea
Could never match Your majesty
From where I stand, Im crying out
Jesus, You are life to meHoly, holy, holy, holy
Holy, holy, holy, holy
Holy, holy, holy, holy
Holy, holy, holy, holyWhen all is fallen
You are life to me
When all is broken
You are life to meWhen all is empty
You are life to me
Life to me, life to meWhen I am fallen
You are life to me
When I am broken
You are life to meWhen I am empty
You are life to me
Life to me, life to me, life to me, life to meLife to me
