

Incredible

Celine Dion

Whole world is watching us now
It's a little intimidating
Since there's no way to come down
Lets give them something amazing
Lets make them remember
Using one word: INCREDIBLE
oh oh oh ohhh
INCREDIBLE oh oh oh ohhh
Lets make them remember
We were incredible
Simply incredible
Oh oh oh ohhh
We even counted us out
We weren't sure we'd make it
Be we've learned no matter what they dish out
It's nothing, we can take it
We'll go down in history
They'll describe our love as
INCREDIBLE
oh incredible
lets make them remember
and we were
we were incredible
simply incredible
Lets make them remember
They'll describe our love as
INCREDIBLE
oh incredible
lets make them remember
that we were
we were incredible
simply incredible
it's something amazing
let's give them something amazing
