Paranoid And Aroused

KoÑ•n

Help me, I am breaking
And my heart is barely beating
And the demons they are creeping around.
Take me, I am sinking
And my clothes are barely breathing
As the angels put me into the ground.And everybody's peeking.
No one makes a sound.
The shadows are deceiving.
Paranoid and aroused.Slam me, I am shaking
And my guts are really aching
And the demons, they're laughing out loud.
Spare me, I am fading
And my will is discipating
As the angels put me into the ground.And everybody's peeking.
No one makes a sound.
The shadows are deceiving.
Paranoid and aroused.My mind is debating
These creatures I'm making.
This medicines sedating
The power embracing.
The fall I'm facing.
My feelings I'm hating.
Reality is failing.
This is degrading.And everybody's peeking.
No one makes a sound.
The shadows are deceiving.
Paranoid and aroused.The fall I'm facing.
My feelings I'm hating.
Reality is failing.
This is degrading.
