Bully

Michelle Featherstone

Go ahead,
You can stare all you want at me
You can rip out my dignity
Take all that you needGo ahead,
You can kick me when I am down
And when Im lying here on the ground
You can take me outI wont.
I wont.
I wont.
I wont careGo ahead,
You can label me as some kind of freak
You can laugh and point fingers at me
While I lay at your feetGo ahead,
Try and squeeze one more drop out of me
Lets just see how much more I can bleed
Take whatever you pleaseI wont.
I wont.
I wont.
I wont care
I wont care
I dont care
I dont care
At allGo ahead,
When you are finally through with me
I wont need your pity
Watch me rise from the ash
