Arrow

In Hearts Wake

Dear world
I found home on your horizon
Resting safely
Along your shores
I had it all
My shelter on your island
Never knowing
Or asking for moreDo you ever wonder what we could have been?
Every gift you give, gone with the wind
We wore away the bond before it could beginTwo eyes of a soul
Two hearts in the dark
I held the match and you held the spark
Two hearts of a soul
Two hearts in the dark
So close yet so far apart
I was the bow
And you were the arrow
Straight through the heart
Broken apart
Beneath bone and marrow
I was the air
And you were the fire
We dance in the flames
Til nothing remains
A moment expiredWhy do we destroy one another?
If there was a time we understood each other
You know I gave you all I could
It was never enough
You've broken this trust
And left me to rust
Like I knew you would
Two eyes of a soul
Two hearts in the dark
I held the match and you held the spark
Two hearts of a soul
Two hearts in the dark
So close yet so far apartI was the bow
And you were the arrow
Straight through the heart

Broken apart
Beneath bone and marrow
I was the air
And you were the fire
We dance in the flames
Til nothing remains
A moment expiredDon't let our paths turn to dust
The best memories will remember us
I'm sorry that I let you downDon't let our paths turn to dust
The best memories will remember us
I need to let you know I wouldn't let you goI was the bow
And you were the arrow
Straight through the heart
Broken apart
Beneath bone and marrow
I was the air
And you were the fire
We dance in the flames
Til nothing remains
A moment expired
