

Reach For The Sky

Cutting Crew

Reach for the sky, babe
Make it to heaven
Before your dreams grow old Reach for the sky, babe
It's over your shoulder
Reach for your dawn's own light I don't believe in miracles
But I do believe in fate
And I do believe
It's calling out your name Don't depend on lucky breaks
If luck is on your side
It's just the joker
Playing in your game Then you'll see the chances coming
But you look the other way
At the risk of sounding helpless, girl
That's where we went wrong Reach for the sky, babe
Make it to heaven
Before your dreams grow old
Grow old Don't tell me you're not satisfied
Don't tell me you can't wait to find
A reason for the rocks upon your road Educate your appetite
With a capital A
Learn to let me help you share the load But you keep me at your distance
As the tears begin to show
So I really hope you make it, girl
Before I go Reach for the sky, babe
Make it to heaven
Before your dreams grow old No one's so blind, girl
It's over your shoulder
Reach for your dawn's own light It's all up to you
It's all up to you
It's all up to you Reach for the sky
Make it to heaven
Before your dreams grow old It's all up to you
Baby Reach for the sky
