The Maker Makes

Rufus Wainwright

One more chain I break
To get me closer to you
One more chain does the maker make
To keep me from bustin' throughOne more notch I scratch
To keep me thinkin' of you
One more notch does the maker make
Upon my face so blueGet along little doggies
Get along little doggiesOne more smile I fake
And try my best to be glad
One more smile does the maker make
Because he knows I'm sadOh Lord, how I know
Oh Lord, how I see
That only can the maker make
A happy man of meGet along little doggies
Get along little doggies
Get along
