Still Here

The Perishers

When youve gone Im still here
Waiting for your call
I'm waiting patiently
When youve fired your last shot
Youll come back for meSo this world has left you bare
I'm sorry I no longer care
I wonder wholl be there for you
When Im not?Take your problems
Somewhere else
I could use some help myself
I wonder wholl be there for you
When Im not?When youve gone Im still here
I know youll come around
Im waiting patiently
When youve tried all other ways
Youll come back for me
Yeah, youll come back for meSo this world has left you bare
I'm sorry I no longer care
I wonder wholl be there for you
When Im not?Take your problems
Somewhere else
I could use some help myself
I wonder wholl be there for you
When Im not?So this world has left you bare
I'm sorry I no longer care
I wonder wholl be there for you
When Im not?Take your problems
Somewhere else
I could use some help myself
I wonder wholl be there for you
When Im not?I wonder wholl be there for you
When Im not?
I wonder wholl be there for you
When Im not?
