

# Started Right

## Hot Chip

Let me tell you where I'm gonna be (Let me tell you)  
Cause I don't know if you are gonna see  
Let me tell you what I'm gonna show (Let me tell you)  
Cause I don't know if you are gonna know  
Let me tell you how it's gonna end (Let me tell you)  
Cause I don't know if we will still be friends  
Let me tell you what I'm gonna do (Let me tell you)  
Cause I don't know if you will still be you

We take a chance  
A lifelong tribulation  
Break away from human nature  
I forget myself, forget my limitations  
Be with me, be my conversation

And when it started  
It started in time  
It started right  
Still on my mind

I'm feeling so good, but just can't explain  
You make my heart feel like, like it's my brain

S-T-A-R-T-E-D  
R-I-G-H-T

Let me tell you what I'm gonna be  
Cause I don't know if you are gonna see  
Let me tell you what I am gonna do  
Cause I don't know if you will still be you

We take a chance  
A lifelong tribulation  
Break away from human nature  
I forget myself, forget my limitations  
Be with me, be my conversation

And when it started  
It started in time  
It started right

Still on my mind

I'm feeling so good, but just can't explain  
You make my heart feel like, like it's my brain
