

# Sounds Like Saturn

**Madeleine**

Iâ€™ve been trying to get my brain around this  
Like roping clouds  
Trying to save from drowning  
In my veins a trace of space resounding  
On and on and on

SOUNDS LIKE SATURN  
SOUNDS LIKE SATURN  
SOUNDS LIKE SATURN  
SOUNDS LIKE SATURN

I can almost hear the stars exploding  
Raining light, spilling all the knowing  
Radiates through my skin and bones and  
On and on and on

SOUNDS LIKE SATURN  
SOUNDS LIKE SATURN  
SOUNDS LIKE SATURN  
SOUNDS LIKE SATURN
