## Mystery Jets

Don't tell anyone  
Don't tell anyone  
Don't tell anyone We share a joke in the  
Well fine, know how to make you laugh  
No hang ups between us  
Not like the other girls and love  
You're different, confident  
Our secret's safe with me  
Red lipstick on my cheek  
Your love must last all week, girl I can't tell, can't tell, can't tell anyone  
What we've got going on  
Don't tell, don't tell, don't tell anyone  
What we've got going on  
Hold hands, got plans  
Don't tell anyone  
What we've got going on  
Can't tell, can't tell, can't tell anyone Don't tell anyone  
Don't tell anyone  
Don't tell anyone Our love is what others could never come to understand  
But we like clothes, your heart beats slow  
And I can hear it with my hand  
We love it, if I ever  
Ever caught your legs wrapped around me  
Tear you from out my arms  
And we'd be history, girl Can't tell, can't tell, can't tell anyone  
What we've got going on  
Don't tell, don't tell, don't tell anyone  
What we've got going on  
Hold hands, got plans,  
Don't tell anyone  
What we've got going on  
Can't tell, can't tell, don't tell anyone Don't let them see us holding hands  
Our love's one thing they'll never understand Don't let them see us holding hands  
Cos our love's one thing they'll never understand Can't tell, can't tell, can't tell anyone  
What we've got going on  
Don't tell, don't tell, don't tell anyone  
What we've got going on  
Hold hands, got plans,  
Don't tell anyone

What we've got going on  
Can't tell, can't tell, can't tell anyone  
Don't tell anyone  
Don't tell anyone  
Don't tell anyone
