

# Therefore, However, and So Forth

[Ellis Ashbrook](#)

Therefore, I'm trying to get my fill  
I'm so lucky that I'm not blank  
Responsibility Awaits  
But when I think too much about it  
I can't change fate However, we wish to fantasize  
We wait to find the compromise I've never been to the future but I see it everyday  
It comes down like acid rain on a 21st century day And so forth we now control the tide  
In blinking time the pressures change the sky  
Passive masses watch and don't ask why  
but I walk by and wait to see inside
