

Superstitious

MKTO

Baby, got me frozen
Looking at you, you're so cold in that dress
Damn I'm so high, I'm burning up
It's like I gotta say yes
Ooh, ooh, ooh, ooh, aw yeah
Ooh, ooh, ooh, ooh
Got me cutting corners
Anything to just get closer to you
Nothing could stop me now no
Nothing baby I wouldn't do
Ooh, ooh, ooh, ooh, mmm yeah
Ooh, ooh, ooh, ooh
This time, ain't gonna let love pass me by Give me some good love
And grant these wishes
1 - I just wanna make you my Mrs
2, 3 - It's you and me, are you with this?
Yeah, we can go the distance
(Come on) You and I, in my mind
Don't nobody pinch me
It's so good, knock on wood
Crossing fingers, baby
We could make it last forever
Never look back
Don't wanna close my eyes and miss this
You got me superstitious Girl, you got me paranoid
I'm seeing things that ain't even there
Hallucinating thinking shadows follow me everywhere
Ooh, ooh, ooh, ooh, mmm mmm
Ooh, ooh, ooh, ooh
Tryna keep up with you, but no matter what I'm moving too slow
Wrapped up my fingers
If I had you I would never let go
Ooh, ooh, ooh, ooh, mmm
Ooh, ooh, ooh, ooh
Yeah, you know I would never let go, oh no no You and I, in my mind
Don't nobody pinch me
It's so good, knock on wood
Crossing fingers, baby
We could make it last forever

Never look back
Don't wanna close my eyes and miss this
You got me superstitious If you were bad girl, can't resist this
So bad got me getting into ...
Eleven out of ten, yeah you're so delicious
Got me superstitious
I'm doing anything cause I don't wanna jinx this
[?] around my wrist, green up in my pocket
It's clovers, don't trip
Lucky Charms for breakfast
Yeah, makes sense
Stepping over cracks
Every chance I get Give me some good love
And grant these wishes
1 - I just wanna make you my Mrs
2, 3 - It's you and me, are you with this?
Yeah, we can go the distance You and I, in my mind
Don't nobody pinch me
It's so good, knock on wood
Crossing fingers, baby
We could make it last forever
Never look back
Don't wanna close my eyes and miss this
You got me superstitious
