

Tin Foil Hat (feat. Donald Fagen)

[Todd Rundgren](#)

He's coming down the escalator
With a girl from east of here
He wants to make the country greater
We've got nothing left to fear. Because the man in the tin foil hat
Is sitting on the throne tonight
It kinda feels like a coup d'etat
But it's gonna be great, tremendous, amazing, and all that. Because the main the tin foil hat
Is tweeting like a teen age girl
He puts the Pluto in plutocrat
But it's gonna be a huge, yuge, hyuge new world. He hasn't got the time for losers
Unless they do as he commands
He's writing texts to his accusers
With those tiny little hands Because the man in the tin foil hat
Is sitting on the throne tonight.
Kinda feels like a coup d'etat.
But it's gonna be a huge, yuge, hyuge new world. Because the man in the tin foil hat
Is gonna drain the swamp tonight
And fill it up with alternative facts
And it's gonna be great, tremendous, amazing, and all that
