## Operators

You've got your hands for feeling  
You've got your eyes but you can't see them  
The shape of things to come  
I got my voice, I'm calling  
Across the wild, are you receiving?  
Attrition in the darkThe shape of things to come  
The shape of things to comeYou've got your hands for breathing  
You've got your mind but [?]  
Baby, I know  
Collapse my thoughts for [?]  
Calling out and it's all [?]  
Everybody knowsThe shape of things to come  
Give me the shape of things to come  
We've got the shape of things to come  
The shape of things to come  
Black feeling, when you gonna come?  
I never know  
Black feeling, when you gonna come?  
Oh, baby, melt me down  
Black feeling, when you gonna come?  
And I was born just like you  
Born to let them go, just like you  
Born to let them go, just like you  
Born to let them go, just like you
