She Comes In Colors

Nevermore

Destiny followed the sun
And infinity bent into twilight
Last slave into the grave againUntil tomorrow, follow the sun
Until tomorrow, in your eyesShe comes to me in wait of suck
Until I'm drained
I accept her orders
I accept her painUntil tomorrow, follow the sun
Until tomorrow, she comes in colorsShe likes to play acid mind games
Within our faults and without blameUntil tomorrow, follow the sun
Until tomorrow, she comes in colorsShe comes in colors
And waits until I'm drained
She comes again[Solo]Until tomorrow, follow the sun
Until tomorrow, follow the sunShe comes in colors
