

# Sunny Weather

[Lisa Ekdahl](#)

Sunny weather  
Tastes much less sweeter  
Since you went away  
Sunny weather ain't no sunny anymore  
Seemed so much brighter  
Now colors just fade  
Sunny weather ain't no sunny anymore  
All day  
Rain falls  
And i'll fall like a feather  
'Till i can kiss you once again  
This sunny weather  
Feels colder than winter  
My heart's turned to snow  
Since you had to go  
Sunny weather ain't no sunny anymore
