

The Panties

Mos Def

{I just want you to relax
Ease into it}Baby slow down, just take your time
You and me gonna be here for a while, okay
Baby don't rush this, take your time
You and me gonna be here for a while, okay
I got so much that I want to do
I just wanna be close to you, okay
I got so much that I want to do
But I can show you better than I can sayAnd don't wanna be no where but here
No where in this atmosphere
Stratosphere, ionosphere
Ain't no sphere that's bright like here
Don't wanna be no where but here
No where in this atmosphere
I'm good where I amBaby slow down, take your time
You and me gonna be here for a while, okay, hey
I got so much that I want to do
But I can show you better than I can sayLet me show you
Let me show you
Let me show you
Let me show you
Let me show you
I wanna show you
Let me show you
Let me show you
Let me showOh baby, you make me feel so good
Come let me take you by the hand
Oh baby, you make me feel so goodLet me show you how
Let me show you how
Let me show you now
Let me show it out
Let me show you how
I wanna show you howLet me show you
Let me show you
Let me show you
Let me show you
Move your shoulders ohBaby slow down just take your time
You and me gonna be here for a while, okay, hey
I got so much that I want to do

But I can show you better than I can say
Enough talk and let's move
Come on, come on, come on, come on oh
Come on, come on, come on, come on oh
Come on, come on, come on, come on oh
Oh baby
