

# Lonely as It Gets

## Koe Wetzel and the Konvikts

I got a empty book of songs Iâ€™d love you to read throw away your plans come lay next to me I got a half a bag of  
wine that Iâ€™d love to share  
And If it ainâ€™t to cold we could go outside listen to the world and get lost tonight and Iâ€™d hold your hand if yo  
want me too  
We could dance around in circles  
I prefer the waltz watch the wind dance around with the pine tree tops if you only two step  
Two step right into me  
girl those eyes got me feeling so deep inside and I canâ€™t see  
What your doing to me  
We go south with the windows down got me crazy driving all over town  
Tell me If I canâ€™t do it  
what you got in it for me  
And baby  
Iâ€™m on a rope you know I canâ€™t take it you got my heart I bet youâ€™re gonna break it  
I swear that even at my best Iâ€™m as lonely as it gets  
And itâ€™s been cold like the heart you left before you hit the road  
And girl I swear Iâ€™ve only missed you a lil bit you can do what you want to and say what you think we all know  
itâ€™s just a little game you play baby, not today
