

My Nine Rides Shotgun

Brand New

This has happened before
I'm sure
And it'll happen again
It's getting old
And you never know
It's not the first time
she said it's the last time...again And you're a tease Have fun over seas
No I'm kidding Give it some time
And take my advice
Feel these scars on me
Like it's marking territory
But I know a million girls would kill to be you right now Give me one night inside of your thighs
A million girls would kill to be you right now And it's happened before
And it'll happen again! When your boyfriend comes home
I could...I guess he keeps you terribly close
And you never know
Wouldn't be the first time
Don't think this will ever end Know you're a tease Have fun studying...alone
No I'm kidding Give it some time
And take my advice
Feel these scars on me
Like it's marking territory
But I know a million girls would kill to be here right now Give me one night inside of your thighs
A million girls would kill to be you right now And it's happened before
And it will happen again One thing a girl I want
Is going to come
It's like your a zombie
When we're together
