

# Kill Your Idols

## Static-X

Cosmetic photogenic  
This pain is fleeting, ring out  
Mechanical the passion  
Your head is bleeding, slow down Can't keep doing this  
What you want me to  
Marching sheep herd said  
See my broken head Live your own life  
I got myself  
Out of my sight  
Kill your idols It's ugly, you see  
I don't care what you think now  
Forgive, forget  
Don't take the easy way out Can't keep doing this  
What you want me to  
Marching sheep herd said  
See my broken head Live your own life  
I got myself  
Out of my sight  
Kill your idols
