

# The Way

## Matchbox Twenty

All I see  
Lying there in front of me  
Maybe we were here before  
I just didn't wanna believe

But in all that time we never talked  
You wrote it down so I couldn't ignore it

This is the way you want it to be  
This is the way you want it to be  
Oh, this is the way you want it to be  
Guess you don't want me

We had love  
Always thought it would be enough  
Oh, but then it goes away  
But I don't really wanna give up

It feels like hell to let you walk  
Bet it all down but I couldn't afford it

This is the way you want it to be  
This is the way you want it to be  
Oh, this is the way you want it to be  
Guess you don't want me

And I never really said it before  
But I really should have given you so much more

But this is the way you want it to be  
This is the way you want it to be  
Oh, this is the way you want it to be  
Guess you don't want me  
Guess you don't want me  
No

Guess you don't want me  
Yeah, you don't want  
Guess you don't want  
Me
